Trivi

design by Martin Foret

Trivi je na první pohled jednoduchá minimalistická židle s čistým designem. Jsou to ale propracované detaily a chytrá kombinace dřeva a kovu, které jí poskytují neotřelý charakter a výdrž do každodenní zátěže.

At first glance, Trivi is a simple minimalist chair with a clean design. But it's the sophisticated details and clever combination of wood and metal that give it a fresh character and durability for everyday use.
